Profile

An enthusiastic Software Engineering student with hands-on experience in building seamless user experiences through innovative front-end solutions. Dedicated to self-improvement, out of the box thinking and staying current with modern technologies.

Education

COMSATS University Islamabad, SWL Campus	BS Software Engineering	Sep 2020 - Present
Punjab Group of Colleges	FSC Pre Engineering	Aug 2018 - Sep 2020

Technical Skills

Programming Languages

- HTML
- CSS
- Sass
- JavaScript

Libraries & Frameworks

- React JS
- Bootstrap Tailwind
- CSS

Tools & Platforms

- Git & GitHub Netlify
- Vercel
- Figma

Projects

Meta Website - Static Front End

- Implemented HTML5 and CSS3 to create a seamless user interface, ensuring optimal user experience across devices.
- Utilized modern design principles to enhance the website's aesthetics and user engagement.
- Collaborated with the development team to integrate the front-end with back-end functionalities seamlessly.

Music Website Design - Front End

- Designed and implemented an intuitive front-end for a music website, focusing on user-friendly navigation and aesthetics.
- Utilized HTML, CSS, and JavaScript to create dynamic and interactive features, enhancing the overall user experience.
- Collaborated with cross-functional teams to ensure alignment with overall project goals.

Blog Site - Front End

- Developed a visually appealing front-end for a blog website, emphasizing clean and responsive design principles.
- Implemented HTML and CSS to create an intuitive and user-friendly layout for reading and navigating blog content.
- Collaborated closely with UX/UI designers to implement design mockups effectively.
