WORK EXPERIENCE

Next Js Intern | [Fista Solutions](#)

(Jul 2024 – Present)

- Assisted in developing and maintaining web applications using Next js, including building and integrating reusable components and managing application state
- Collaborated with senior developers to enhance user interfaces, ensuring responsive design and optimal performance
- Contributed to the implementation of new features and debugging of existing code, gaining hands-on experience in modern front-end development practices

Web Development Intern | [COMSATS Software House](#)

(Jun 2023 – Aug 2023)

- Gained hands-on experience in software development projects
- Designed and implemented software solutions, coding, and debugging
- Collaborated with a team to develop and deploy applications
- Solved real-world problems through innovative software solutions

Web Development Intern | [Encryptix](#)

(Jun 2023 – Aug 2023)

- Developed responsive websites using HTML, CSS, and JavaScript
- Tested and debugged for cross-browser compatibility
- Designed user-friendly interfaces for a seamless experience

PROJECTS

[Job Candidate Matching System](#) | Django

- Created a system to rank and shortlist candidates using resume and job description similarity
- Improved recruitment efficiency by automating candidate shortlisting and ranking
- Tool used Django, Python, TF-IDF, KNN, Pandas
- Implemented data preprocessing, document similarity matching, and ranking algorithms

[Personal Portfolio](#) | JavaScript

- Developed a personal portfolio website using HTML, CSS and JavaScript
- Designed a responsive layout with HTML and CSS for optimal user experience.
- Styled the portfolio with modern frameworks like Bootstrap5 and Tailwind CSS.
- Showcased projects and skills with a user-friendly and visually appealing design.

[Password Manager App](#) | Next Js

- Built a password manager with user sign-up, login, and password storage.
- Integrated secure authentication and password encryption.
- Designed a responsive UI using Tailwind CSS and ShadCN.
- Focused on a simple, user-friendly interface.

[Text Editor Website](#) | React Js

- Developed a dynamic text editor website using React, offering real-time text formatting
- Implemented a user-friendly interface with responsive design, ensuring seamless performance across devices
- Utilized React's state management to handle user inputs efficiently and incorporated modern web development practices to enhance functionality and user experience

[Text to Speech Website](#) | Next Js

- Developed a text-to-speech editor using Next.js.
- Integrated a third-party API for speech synthesis.
- Implemented real-time text-to-audio conversion features.
- Ensured smooth API communication and error handling.
- Implemented real-time text-to-audio conversion features.

[Add to Cart Page](#) | React Js

- Built an interactive "Add to Cart" feature using React.js.
- Managed state and cart items with React hooks.
- Implemented item quantity controls and real-time updates.
- Ensured smooth user experience with responsive design.

[Google Product Page](#) | Next Js

- Created a Google product page clone using Next.js.
- Styled the interface to closely match Google's design.
- Used server-side rendering for better SEO and performance.

CORE SKILLS

Languages: Html ,CSS, JavaScript, Java

Developer Tools: Visual Studio / Git / Figma / Google tools (Colab, Drive, Sheet, Slides)

Frameworks: Bootstrap5, Tailwind CSS, React Js, Next Js

Databases: MongoDB, Firebase

EDUCATION

Comstats University Islamabad

(Sep 2020 – June 2024)

Bachelor of Science in Software Engineering | Web Development, Data Structure & Algorithm, Database
