ABOUT ME

As a dedicated front-end web developer, I bring a passion for creating elegant and responsive user interfaces using modern web technologies. With proficiency in HTML, CSS, JavaScript, and React, I am adept at translating design concepts into efficient, user-friendly experiences. My experience includes collaborating closely with designers and backend developers to ensure seamless integration of front-end elements.I am committed to continuous learning and staying updated with industry trends to deliver cutting-edge solutions that exceed client expectations. With strong problem-solving skills and attention to detail.

WORK EXPERIENCE

Web Development Intern

COMSATS Software House [05/10/2022 – 30/04/2024]

City: Okara | **Country:** Pakistan

Gained hands-on experience in web projects, including developing predictive models, data analysis, and visualization. Collaborated with a team to implement machine learning algorithms and solutions for real-world problems.

Data Science Intern

CodSoft [10/05/2023 – 10/07/2023]

City: Okara | **Country:** Pakistan

This was Data Science Project based internship. In this tenure I am working and implementation with different datasets. I've learned the following skills during this internship:
• Collecting and cleaning data from various sources
• Building and evaluating predictive models using machine learning techniques
• Writing and maintaining code for data processing and analysis

EDUCATION AND TRAINING

Bachelor of Science in Software Engineering

COMSATS University Islamabad [16/09/2020 – 24/05/2024]

City: Okara | **Country:** Pakistan | **Website:** https://swl-cms.comsats.edu.pk/

Intermediate in Computer Science
Punjab Group College [04/06/2018 – 10/07/2020]

City: Okara | **Country:** Pakistan | **Website:** https://pgc.edu/

LANGUAGE SKILLS

Mother tongue(s): Urdu

Other language(s): English | Hindi | Punjabi

DIGITAL SKILLS

HTML5 / CSS / JAVASCRIPT / TAILWIND / BOOTSTRAP / REACT JS / / Google tools (Colab, Drive, Sheet, Slides, etc) / Ms Office

PROJECTS

Parallax Website Developed a visually appealing and interactive parallax website using HTML, CSS, and JavaScript. Implemented smooth scrolling effects and dynamic content loading to enhance user experience. Deployed the website on a cloud hosting service, ensuring high availability and scalability.
